

Friday Catch-up (30 / 09 / 22)

Water Bottle

Please ensure that children's water bottles are filled with plain water. We only allow plain water to be drunk during lessons. Plain water is the best option for drinking throughout the day, especially for good oral hygiene; we do encourage the children to drink and stay hydrated. Water is also easier to clear up if there are any spillages during the day – preventing stickiness and lessening potential damage to children's work and resources. Thank you.

The children in Robins also have access to milk during snack time in the morning and Year 2 in Kingfishers have the option of a drink of milk at morning break.
