The Making of Little Green Fingers

GH and SS PTFA are excited to announce our legacy project will start to take shape next term as we will be purchasing a Greenhouse for each school in the federation!

Thank you to the Cambridge Community Foundation for the generous grant of £4000!

Funded by the French Farm Wind Farm

The Greenhouses are just the start, with a donation of £1,000 from Persimmon Homes, £100 from the Whaplode Drove Social Club and the money raised from our Summer Fete, we can purchase everything the children will need from gloves for tiny hands to soil and rainwater harvesting equipment to enhance their learning and set them off on their growing journey for life!
