**Federation Reading and Comprehension**

Reading:

While we are all in lockdown and the children are unable to bring books home from school or visit a library, here is a web link that will take you to a website where you can open and read whole books for free. You could use this site for books that you read to your children, for them to read to you or to read independently.

https://www.oxfordowl.co.uk/for-home/find-a-book/library-page/?view=image&query=&type=book&age_group=&level=&level_select=&book_type=&series=#
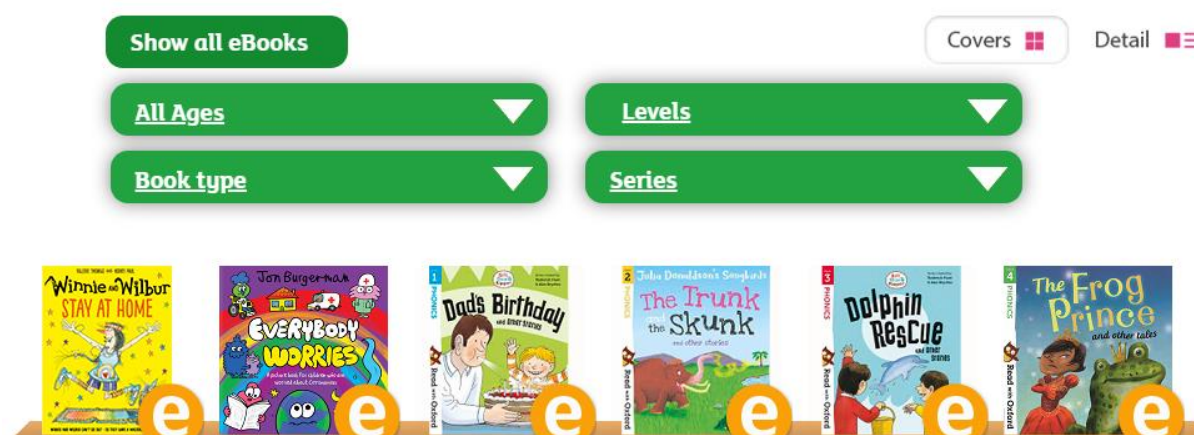

The link takes you to this page.

Scroll down. You will need to register.

When you scroll down again, you can select from different dropdown boxes.

Here is another website, mostly for younger readers. Once you've selected a book, and opened it you can choose whether to read along or read independently.

https://www.booktrust.org.uk/books-and-reading/have-some-fun/storybooks-and-games/

Enjoy your reading! 😊

Weekly Comprehension

Usually the children in Key Stage 1 and 2 take part in daily guided reading lessons. While they are not in school, it would be great for every child to read everyday and to complete a written comprehension activity each week. The resources do include the answers so that you can mark them with your children or they can self-mark.

KS1 children would benefit from completing these comprehension activities with adult discussion, encouragement and support.

The resources will be in their year group section in the 'RESOURCES DURING COVID-19 CLOSEDOWN' tab.

Reception children will continue to do phonics.
